

SANSKAR

Programs are organised to preserve the tradition of the Hindu's three major '*sanskars*' of birth, marriage and death. Birth *sanskar* are conducted in orphanages. Mass or group marriages are arranged for those couples whose parents cannot afford to conduct the wedding ceremonies to fulfill the *sanskar* of marriage and *kanyadaan*. Death rituals are last *sanskar* done on Hindus. Those who are unable to perform these last rites due to financial constraint are helped to do so.

In short VHP's *sewa* work provides value based education to children to inculcate *Bharateeya sanskar* through its projects from *Bal sanskar vargs* to schools and hostels, promotes good health through its medical projects and gyms, and brings about *samajic samarasta* through its various socio-cultural programs.
